PROFESSIONAL SUMMARY

Full-Stack Developer with experience in building responsive and scalable web applications using **Next.js, Node.js, and TypeScript**. Focused on developing user-friendly interfaces and robust backend systems with strong performance, clean architecture, reusable components, and maintainable code. Experienced in working with modern full-stack architectures and **API-driven applications**, including backend services and deployment workflows. Worked in Agile environments using **Jira and GitLab**. Currently based in Germany with a valid Opportunity Card and **open to relocation across the country**.

EDUCATION

Master of Computer Applications

LPU Online, India

January 2024 – February 2026

Bachelor of Computer Applications

IITM, New Delhi, India

August 2019 – July 2022

PROFESSIONAL EXPERIENCE

Full Stack Developer (Frontend Focus)

BHUMU Group | Noida, Delhi NCR – June 2023 to July 2025

At BHUMU Group, I led the development of multiple production web applications, building scalable and high-performance **full-stack systems** using **Next.js, Node.js, and TypeScript**. I designed component architecture, managed complex state, and developed data-driven user interfaces along with backend services for real-world use cases. I integrated REST APIs and ensured smooth data flow across frontend and backend systems. Additionally, I managed deployments on **Ubuntu VPS**, configuring **NGINX, PM2, and MongoDB**, and handling domain and server setup. Some of the key live projects:

- [invoician.com](https://www.invoician.com) – Business Invoicing & Management Platform with responsive dashboards, data-driven interfaces, and secure user authentication.
- [garageoncall.com](https://www.garageoncall.com) – Vehicle Repair & Maintenance Booking platform with real-time service selection and appointment booking interfaces integrated with secure APIs.
- [glazma.com](https://www.glazma.com) – Grooming services platform featuring cart system, booking flow, and dynamic user interfaces built using React, Redux, and RESTful APIs.
- [fluffytouch.in](https://www.fluffytouch.in) – Pet care and grooming service platform with service browsing and booking interfaces integrated with secure backend APIs.
- [feedbacker.in](https://www.feedbacker.in) – Social media growth platform with interactive dashboards and frontend interfaces connected to REST APIs for service workflows.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3.
- **UI & Styling:** Tailwind CSS, Material UI (MUI), Responsive Design.
- **State Management:** Redux Toolkit, Context API.
- **API & Data:** REST API Integration.
- **Backend & Deployment:** Node.js, Express.js, MongoDB, Ubuntu VPS, NGINX, PM2, Vercel.
- **Workflow:** Git, GitLab, Jira, Postman, Agile/Scrum.

LANGUAGES

German: A2 - Basic proficiency with strong written communication in emails and text-based platforms.

English: Professional working proficiency.
